

Hand crafted bags

Our bags are manufactured at our Carlisle workshops. Like a hand tailored suit, the material for each Chapman bag is hand cut on the premises and constructed using traditional methods. This heritage underlies our reputation for quality and durability.

The Chapman signature

Every bag is individually checked throughout the manufacturing process. You will find a personally signed inspection ticket attached to your bag confirming it has met our rigorous standards.

Bespoke bag service

The design of our bags has evolved over time, progressively incorporating new styles, features and colours. If, however, you cannot find the bag you want in our range, we offer a bespoke bag service. We also cater for corporate and trade clients. Please call us to discuss your requirements.

Chapman bags are made almost exclusively from natural materials.

We work with principally UK suppliers from whom we source fabrics and fittings of proven quality.

Natural cotton canvas

We use a fine multi-layered cotton canvas drill, which is bonded with a natural rubber core to create a strong and waterproof fabric.

Solid brass hardware

Our fittings are cast from solid brass, sometimes with a nickel plating, neither of which pit or rust.

Cotton webbing

Our webbing is 100% cotton and is of military grade quality. The original weave of this material was designed to prevent parachute webbing breaking if damaged. The size and colour of the webbing is carefully specified to match each bag.

Fleece padding

We use natural wool for padding. Where a design requires a supporting brace, we work with wood and lightweight aluminium, not plastic.

Reliable fastenings

We use a range of reliable fastenings, including our trademark clog ball or "Sam Browne" fastening, a small brass dome.

Best leather fittings

Our leather fittings are cut from selected hides dyed in one of our three standard leather colours of Papaya, Old Australian Nut or Dark Havana. Each leather fitting is cut with a tool uniquely crafted for the purpose.

Double stitched zips

We use the strongest brass zips obtainable, which are double stitched to the bag. We occasionally use nylon zips to avoid scratching, for instance on gun covers or tight pockets.

LIMITED CRAFTED IN GREAT BRITAIN

CHAPMAN
LIMITED CRAFTED IN GREAT BRITAIN

John Chapman makes hand crafted bags for travel, leisure, business and sporting activities. Our customers appreciate the contemporary approach we bring to classic English style and quality.

The company has been established for many years in Cumbria, England. The natural beauty of the surrounding Lake District and Borders has provided much of the inspiration for our bags.

A True Companion

Stock availability

All bags featured in this brochure can be ordered in the swatch colours shown for each bag. We despatch bags on payment of your order and will contact you if for any reason there is likely to be a delay in sending the bag you have ordered.

Choice of colour

We stock a wide range of colours in our fine cotton canvas drill, all of which are shown in this brochure. If you would like a bag in any of these colours, and it is not already shown as a swatch option for that bag, just let us know and we will make it for you.

Depending on your choice of fabric and bag, we may need to charge you more than the list price of the bag to cover this service. We will inform you of any additional charges and the likely despatch date on receipt of your order.

How to order your bag

You can purchase a bag online, by phone, by fax, by email or by post.
